

AGENDA

Project G.R.E.E.N - GRowing participative models for EnERgy commuNities, SA-0100170

Living lab in Albania

Venue: Shkodra Municipal Council Hall

Date: 28 February 2025

Duration: 09:30-17:00

09:30-10:25	Arrival and registration of participants Distribution of workshop material Networking opportunity
10:00-10:25	Opening Remarks
	<ul style="list-style-type: none"> • XXXX – Vice Mayor, Municipality of Shkoder (tbc) • Kledisa Cela – Executive Director, Environmental and Territorial Management Institute • Keti Gjinali - Head of Climate Sector, Directorate of Policies and Strategies for Development of Industry and Energy, Ministry of Infrastructure and Energy • Joint Secretariat – Interreg South Adriatic –tbc • Roberto Casaluci- President, Union of Municipalities of Grecia Salentina
10:25-12:30	Session 1: Overview of the current policies about renewable energy, energy efficiency in buildings and energy communities
10:25 – 10:30	Moderator: Kledisa Cela Introduction of the agenda and purpose of the living lab
10:30-10:40	Margarita Franja- Representative of ESCOOP – European Social Cooperative
Contents and inputs	<ul style="list-style-type: none"> • Presentation of the G.R.EE.N project: communication and awareness tools available to citizens and stakeholders
Expected output	<ul style="list-style-type: none"> • The participants will be informed about the project objectives and expected results.
10:40-11:00	Eng. Francesco Marinelli - Scientific coordinator of the GREEN project
Contents and inputs	<ul style="list-style-type: none"> • EU regulations about renewable sources, energy communities and energy efficiency in buildings.
Expected output	<ul style="list-style-type: none"> • The participants have gained knowledge about the EU regulations about renewable sources, energy communities and energy efficiency in buildings.
11:00-11:15	Keti Gjinali - Head of Climate Sector, Directorate of Policies and Strategies for Development of Industry and Energy, Ministry of Infrastructure and Energy
Contents and inputs	<ul style="list-style-type: none"> • National existing policies and strategies in regards to renewable sources, energy communities and energy efficiency in buildings in Albania • Government programs and subsidies for energy efficiency in buildings
Expected output	<ul style="list-style-type: none"> • The participants have gained knowledge about the existing national policies and strategies in Albania. • The participants have received information about current programs and subsidies on energy efficiency in buildings.

GREEN

11:15-11:30	Annalisa Malerba -Representative of LP, Union of Municipalities of Grecia Salentina
Contents and inputs	<ul style="list-style-type: none"> Renewable Energy Communities - the new paradigm of bottom-up renewable energy sharing
Expected output	<ul style="list-style-type: none"> The participants have gained knowledge about the application of the RES and renewable energy sharing
11:30-11:45	Roberto d'Amico - Representative of Molise verso il 2000
Contents and inputs	<ul style="list-style-type: none"> Promoting energy efficiency and reducing greenhouse gas emissions
Expected output	<ul style="list-style-type: none"> The participants have gained knowledge about the energy efficiency measures and the reduction of greenhouse gas emissions
11:45-12:15	1.Lejla Đoković - Representative of Tuzi Municipality 2.Mr Božidar Pavlović – General Director, Ministry of Energy of Montenegro 3.Amra Pepic - Representative of DeV NGO
Contents and inputs	<ul style="list-style-type: none"> Actions foreseen in SECAP of Tuzi Municipality National and local regulations and incentives for renewable sources and building energy efficiency in Montenegro The GREEN project and its impact on Montenegrin communities
Expected output	<ul style="list-style-type: none"> The participants have gained knowledge about the existing national policies and strategies and good practices in Montenegro
12:15 – 13:30	Lunch break
13:30 – 14:30	Session 2: Introduction of the Municipality Energy and Climate Action Plan (MECAP)
13:30 – 14:15	Erkam Borici – Representative of Shkodra Municipality
Contents and inputs	<ul style="list-style-type: none"> Presentation of the targets and proposed measures about MECAP (Municipal Energy and Climate Action Plan) for the Municipality of Shkoder. Presentation of two case studies resulted from MECAP (Street Lighting and PV public building)
Expected output	<ul style="list-style-type: none"> The participants are informed about the MECAP (Municipal Energy and Climate Action Plan) for Municipality of Shkoder.
14:15– 14:30	Alminda Mema - Executive director, Aarhus Center, Shkoder
Contents and inputs	<ul style="list-style-type: none"> Energy poverty situation in Municipality of Shkoder: Challenges and Opportunities
Expected output	<ul style="list-style-type: none"> The participants are informed about the energy poverty situation in Shkodra Municipality.
14:30– 14:45	Coffee break
14:45-16:30	Session 3: Living Lab
14:45– 16:00	Thematic technical working groups
Contents and inputs	<ul style="list-style-type: none"> Topic 1: Different ERC models: advantages, disadvantages and critical issues - Expert: Meivis Struga; Topic 2: Materials and sustainable technologies for energy efficiency in buildings - Expert: Ing. Francesco Marinelli;

GREEN

	<ul style="list-style-type: none"> • Topic 3: Technical-financial standards for Energy Saving Company (ESCO) for renewable sources and buildings energy efficiency. Expert: Dr.Claudio G. Ferrari, President of the national association Federesco.
Expected output	<ul style="list-style-type: none"> • The participants are engaged in-depth technical discussions on the proper ways of structuring and operating Renewable Energy Communities (RECs);
16:00-16:30	Open discussions
16:30-17:00	Session 4: Wrap-up and Closing Remarks
	<p><i>Moderator: Evaluation and Conclusions</i></p> <ul style="list-style-type: none"> • <i>Summary of key takeaways from the living lab</i> • <i>Open floor for any remaining questions or comments</i> • <i>Information on follow-up activities and communication channels</i> • <i>Workshop participants feedback and distribution of certificate for the participants</i> <p><i>Thank you note to participants.</i></p>
